

BEST HEARING CENTER

FALL, 2009

Best Hearing Center uses hearing aids for demonstration purposes. These nearly new hearing aids are available at a substantial discount for a limited time. Some of the models are the new, open-fit styles.

These behind-the-ear aids will be refurbished when sold and will have a one year service warranty. You will receive our excellent follow-up care at no extra charge for the life of the hearing aid.

This is a rare opportunity, so take advantage now!

We have a variety of high quality digital hearing aid models that will be **sold for 40% off** their original cost.*

* This offer not valid with insurance, free financing, or other discounts.

Supply is limited.

Offer ends November 30, 2009

or when our supply is exhausted.

DEMO DEVICES

We also have a limited supply of demonstration assistive listening devices such as amplified telephones, TV Ears, loud phone ringers, phone amplifiers, and amplified alarm clocks that were used for display in our office.

These devices are available at 40% off the original cost. Come in to see our selection. Call first if you have a particular item in mind to see if it is still available.

This offer will end when our supply is gone.

BLUETOOTH TECHNOLOGY

What is bluetooth technology? It is a wireless radio signal built into electronic devices to send a signal (voice phone calls, music, etc.) a short distance to a bluetooth receiver. This technology has been used in cell phones for a number of years with a wireless headset.

We now have a lightweight bluetooth headset that is compatible with hearing aids that have a telephone amplifier inside of them. This headset can connect with any cell phone, home phone, home stereo, or iPod that is bluetooth compatible.

Tax is included.

NEW TECHNOLOGY IS HERE

In this modern world of continuing technological advances, hearing aids just keep getting better and better.

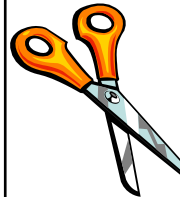

In October, ReSound (one of our hearing aid manufacturers) introduced several new products. Dr. Freeman attended a seminar in early October to learn about the new advances.

If you are interested in upgrading to a new model, please schedule an appointment for a free demonstration.

BEST HEARING CENTER

COLLECTION SITE

Best Hearing Center will be a collection site for Hope Network, a division of G.O. Ministries. Through December 22, 2009, we will be collecting school and medical supplies for children in Haiti, the 2nd poorest country in the world. Supplies needed are: crayons, notebooks, scissors, children's books, band aids, and antibacterial ointments.
